Editorial

Vol. 5 No. 02 February 2026

It is with great pleasure that we present the latest edition of the Formosa Journal of Sustainable Research (FJSR), a platform dedicated to the dissemination of groundbreaking research in the field of sustainable development. As a multidisciplinary journal, we aim to highlight innovative approaches and solutions that promote sustainability across diverse sectors, including environmental management, social development, economics, technology, and beyond. Through this publication, we seek to bridge the gap between theoretical research and its real-world applications, offering valuable insights for both academia and industry.

In this issue, we are proud to showcase a collection of high-quality articles that reflect the breadth and depth of sustainable research. The research contributions featured in this volume cover a wide range of topics, from renewable energy innovations and climate change mitigation strategies to advancements in sustainable business practices and community development. The authors, all experts in their respective fields, present novel approaches, methodologies, and solutions that address some of the most pressing sustainability challenges of our time.

The Formosa Journal of Sustainable Research (FJSR) continues to evolve as a key resource for researchers, practitioners, and policymakers alike. Our mission is to foster collaboration, encourage the exchange of knowledge, and promote the translation of research findings into practical solutions that support sustainable development. We are committed to maintaining the highest standards of academic excellence and integrity, ensuring that each article published undergoes rigorous peer review to uphold the credibility and relevance of the research.

We would like to express our sincere gratitude to our esteemed editorial board, reviewers, and contributors for their continued support and dedication. Their commitment to advancing sustainable research and enriching the academic community is the cornerstone of this journal's success.

As we look to the future, we remain excited about the potential of sustainable research to drive innovation and improve quality of life globally. We invite you, our readers, to engage with the research presented in this issue and join us in our mission to contribute to the development of sustainable, impactful solutions for the challenges of today and tomorrow.

We look forward to the exciting journey ahead and thank our readers and contributors for their support and involvement.

Happy reading

Marisa Yunita, S.Pd., M.M
